Architect and landscape urbanist based in Mexico City. His eponymous firm specializes in searching “the right questions” to materialize Ideas. Through multidisciplinary approach, it provides unique and specific solutions in every project. Echeverria teaches in Harvard, founded the Berlin Summer Workshop in Aedes s ANCB and is founder & curator of TEKIO forum. Since 2008 he has been awarded diverse high profile landscape and architecture commissions, both public and private, like the parks Texcoco (35,000 acres) and Atlacomulco (200 acres); the exteriors of luxury retailer Liverpool and the Papalote Children’s Museum in Monterrey. His work has been widely published and exhibited in America, Europe, Africa and Asia.
